Emlong Grown **SHADE TREES** *Hardy and Enduring*

Increase the value and beauty of your home. Emlong's Pride-O-Mich brand shade trees are exceptionally well-rooted and well-branched, with nicely branched tops, and are tried and tested for growth.

Dainty Redbud

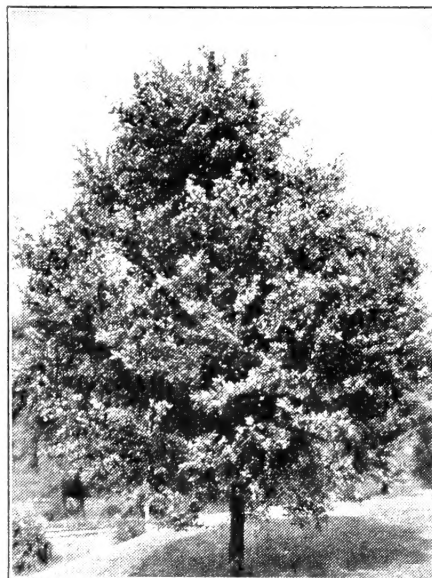

(*Cercis Canadensis*)

A dainty little shade tree that will add value to any surroundings. Very ornamental with flowers of glowing rose appearing all over the tree in early spring. Large leaves. Lovely for lawn specimens and in shrub borders. **Very hardy.** Thrives in shady places on wet soil. **2 to 3 ft., \$1.25 each. 3 to 4 ft., \$1.50 each.**

Soft Maple

The Soft Maple tree is well known for its fast growth and quick shade. Will grow any place on any kind of soil, in hot or cold climate. Leaves are green on top, lighter under surface, turning gold in autumn. Tree makes a graceful head. Plant 35 to 45 feet apart. **Well-rooted, well-branched trees: 5- to 6-ft. specimen, 85c each; 10 for \$7.50. 6- to 8-ft. specimen, \$1.20 each; 10 for \$10.00.**

Chinese Elm

(Fast Growing)

Here's a tree that withstands cold winters and poor soil, drought and other unfavorable conditions. A rapid grower of the hardy Siberian strain. A very good shade tree. Artistic green leaves, thickly produced. Grows 75 feet high. Good for street, roadside parks, lawn specimens, etc. Good windbreak when planted close together.

WHITE ASH

(*Fraxinus Americana*)

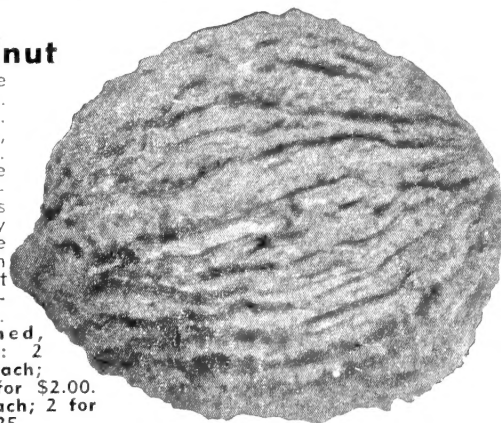

Here is a shade tree that you will be glad that you planted. Native to North America. A sturdy and rapid grower. Very hardy and the kind of a tree that is able to stand hard winters and extreme drought. Produces a shapely, conical head with small, green, oval-pointed leaves in great abundance. Seed pods sought by birds and squirrels. **Well-branched and well-rooted trees: 5 to 6 ft., \$1.00 each; 10 for \$8.95. 6 to 8 ft., \$1.50 each; 10 for \$13.95.**

American Black Walnut

Grows anywhere in the country. Very hardy strain. Thrives in fertile, well-drained soil. Produces large crops of nuts every year. Nuts contain rich oily kernels of fine flavor used in making nut breads, confections and desserts.

Well-branched, well-rooted trees: 2 to 3 ft., 60c each; 2 for \$1.00; 5 for \$2.00. 3 to 4 ft., 65c each; 2 for \$1.10; 5 for \$2.25.

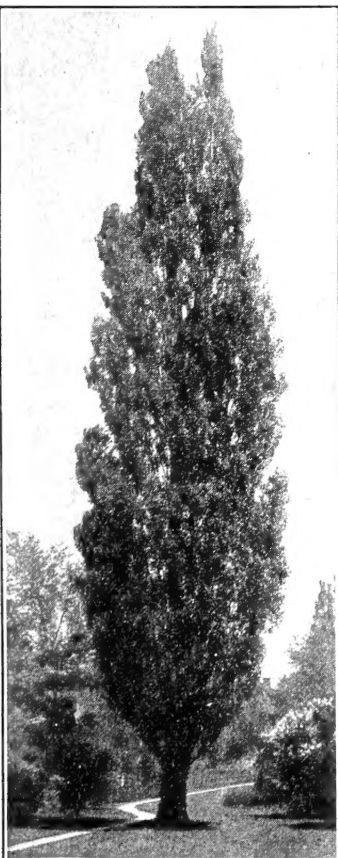

Lombardy POPLAR

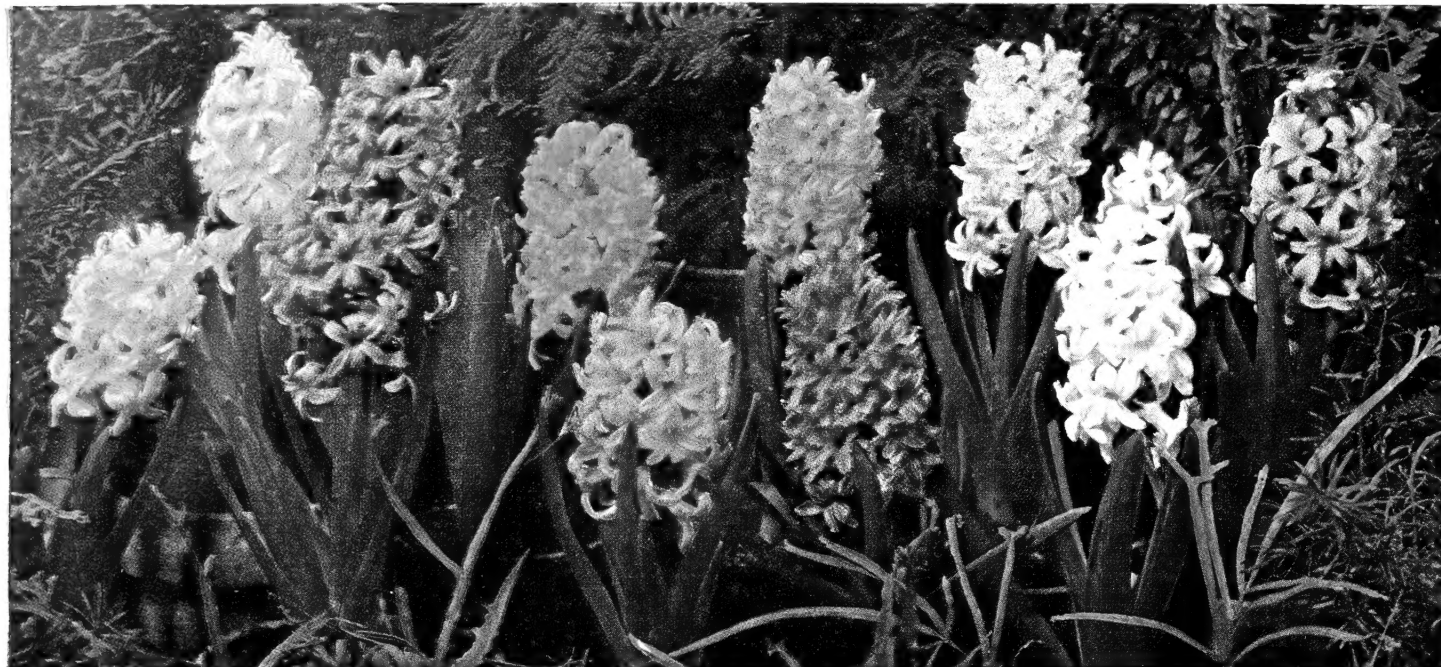

Fastest growing of the shade trees and will grow anywhere. Thrives on the poorest soil. Very striking for landscaping being a natural column in growth. Needs no pruning. Branches from the ground up, forming a stately accent in background plantings, along drives, alleys, etc. Very attractive when planted in groups of three and five in corners. A dense green fence can be made by cutting off trees at top when they are planted close together.

OUR
DUTCH
GROWERS**

Lovely Dutch **HYACINTHS** *Beautiful and Fragrant*

For garden or indoor planting they are beyond comparison. In the spring garden Hyacinths give a gay range of color impossible to obtain in any other way in the early spring. Being of a uniform height they are splendid material to carry out a pattern in beds by themselves or with some background against which they can display their vivid colors. Their delightful fragrance is something to look forward to from year to year. We present them here in six new and exciting colors:

L'INNOCENCE. Very early flowering. Pure white.

PINK PEARL. Clear bright sparkling pink.

GRAND MAITRE. Rich porcelain-blue.

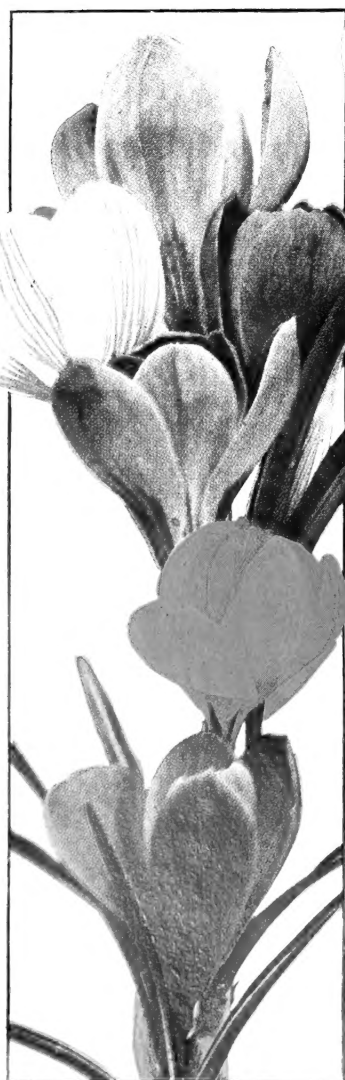

MARCONI. Compact heads, deep pink.

BISMARCK. Lovely sky-blue.
